

CD011 A takeoff on the X-Large logo, front has hooded gorilla and back has Cabal Royal logo. Natural shirt with 4 color inks.

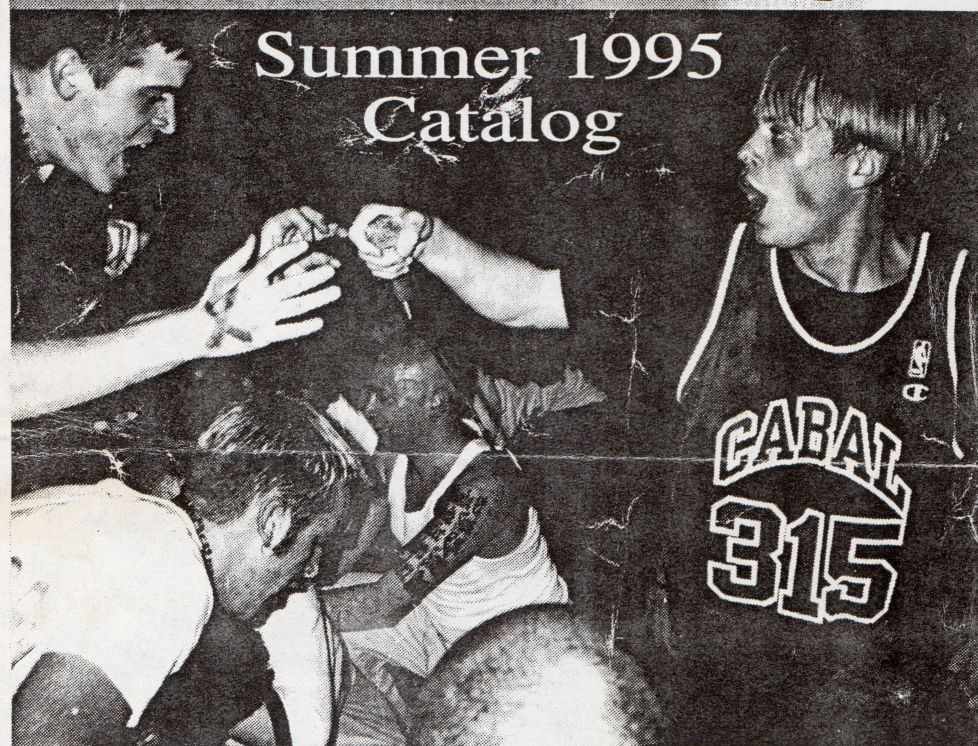

CD012 This short sleeved v-neck jersey is perfect for when you want the light breathability of a basketball jersey, but you don't want anyone to see the old Quiet Riot tattoo on your shoulder. One sided on white jersey with blue & red neck and sleeve ribbing and blue & red inks.

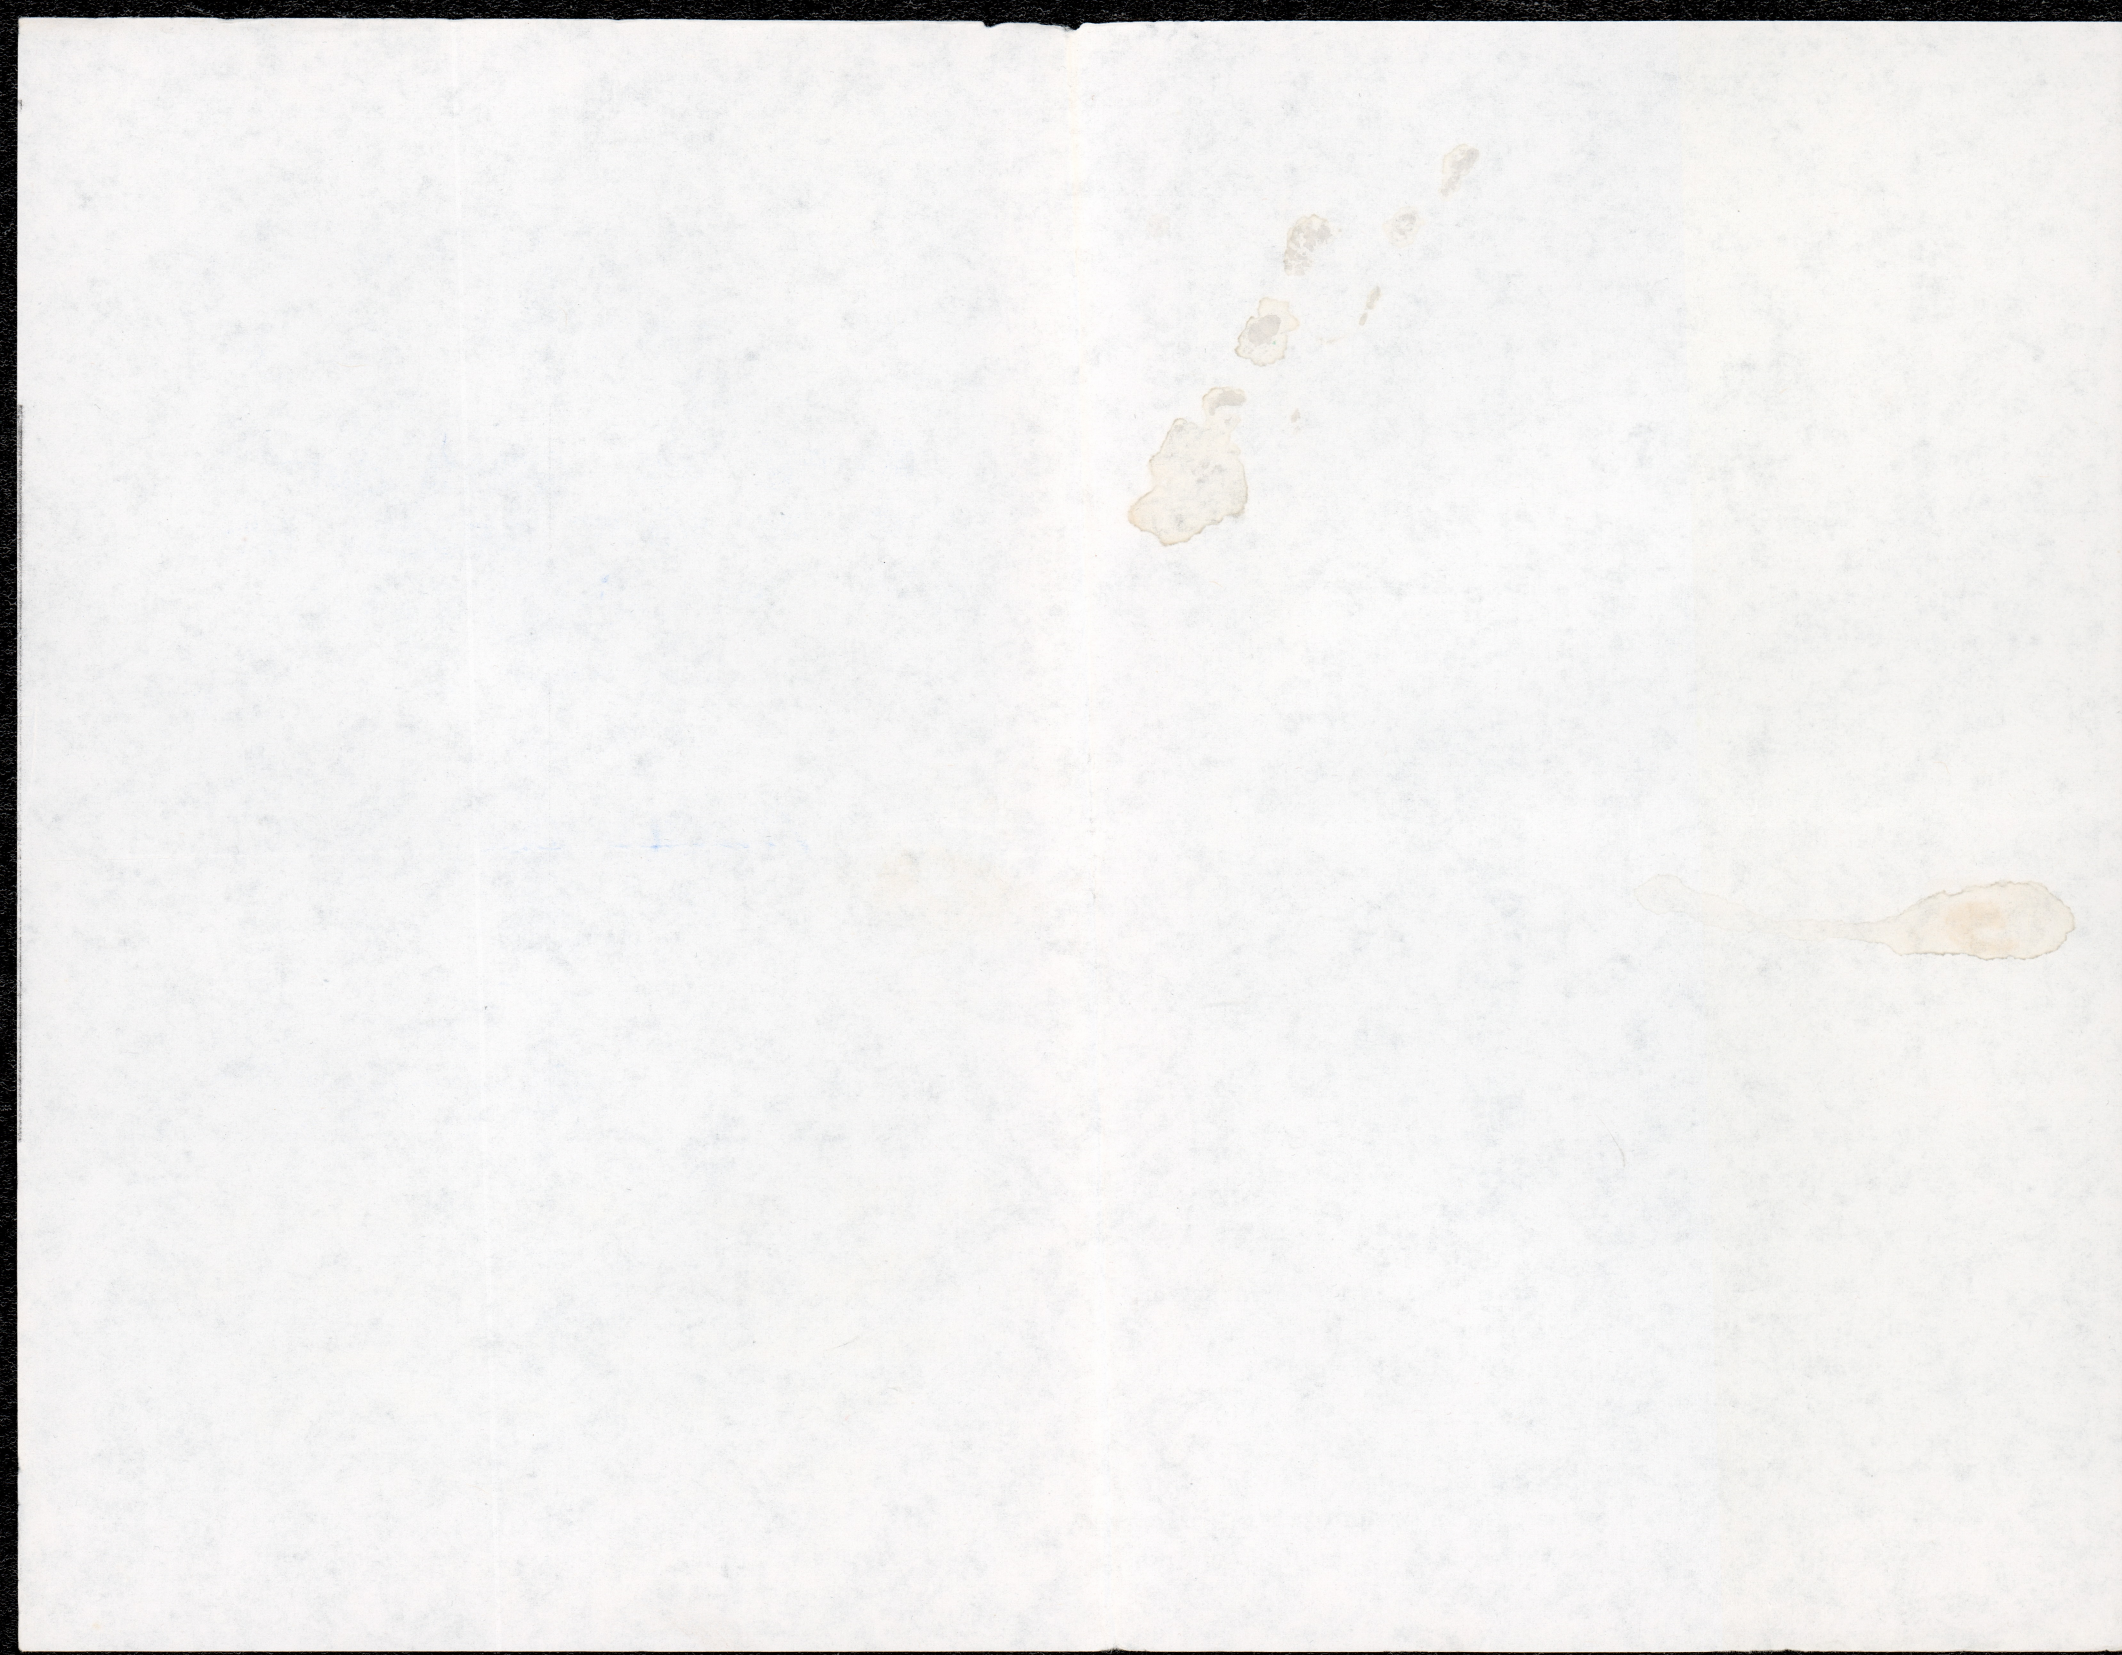

CD013 Beaters. These ribbed undershirt are for the white trash in all of us. Okay, well, maybe just a few of us. White only with 3 different jailhouse tattoo style logos in black ink. Beer and guns, the essence of America.

CD003 Darksiders beware, this one's for all the X-Wing fighters. Crossed lightsabers guaranteed to make all the Imperials at your next show pee their pants. Black shirt with silver ink.

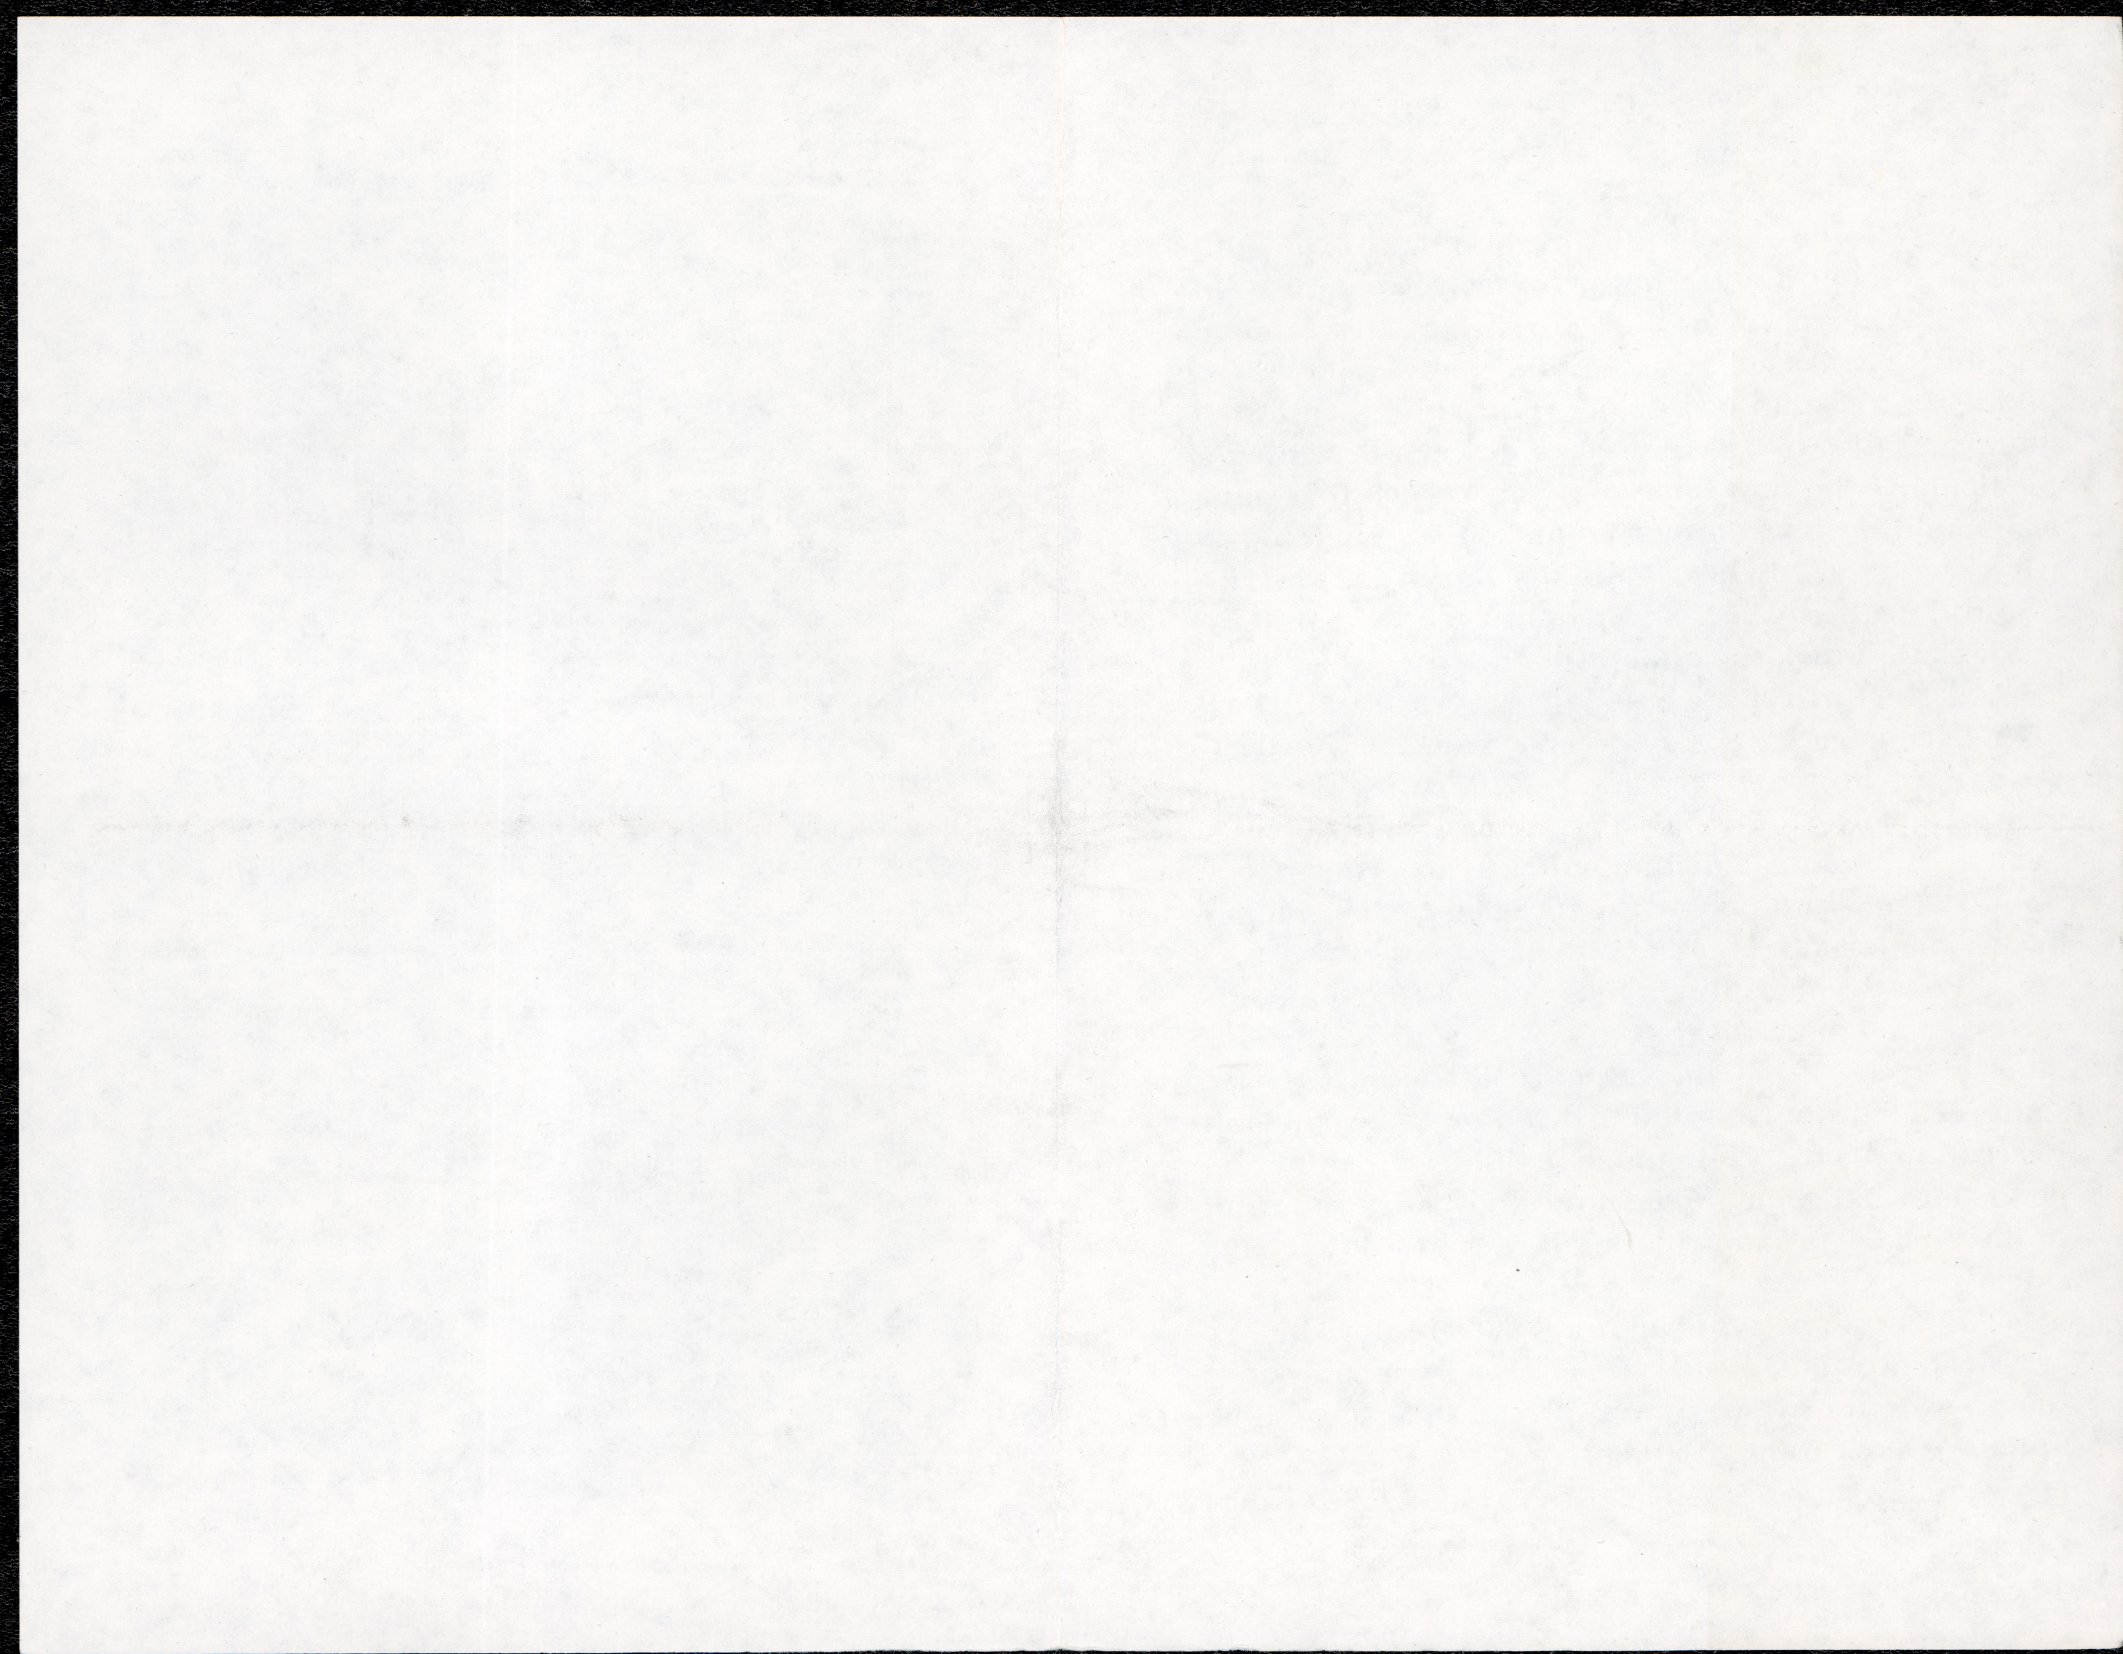

CD-004 Just like the classic Chain of Strength shirts, live photo on white shirts with green & black ink.

CD005 Front has cool horror comic type design featuring the grave of straight edge. Back has our statement of immortality. True 'til death (and after). Maroon or navy with 2 color inks.

CD006 Syracuse Hardcore shirt. Front has Celtic designs and Latin words. Very multi-cultural. Back has cool live photo. Navy longleeve with 2 color inks.

Inside you will find the freshest t-shirts imaginable for today's dapper young hardcore kid, and even some old kids too. All of our shirts right now come in XL, but we will soon be doing some baby-doll t-shirts, and if we find that people are requesting them, we'll do large shirts too... We used to do each design on a particular color, but lately we've been printing some of our old designs on new colors, so it's hard to say what color we'll do next, but the color in the description will probably be the same for a couple months at least. Call for color availability.

T-shirt prices are \$10, longsleeves are \$12, basketball jerseys are \$20, v-neck jerseys are \$15, and beaters are \$6. Shipping charges are \$2 for the first shirt, and \$1 for each additional shirt. When ordering, please neatly print your name and address, and your phone number too...send only well concealed cash or money orders made out to Justin Gauvin.

We also print shirts for people other than ourselves, so if you need shirts made for your band, zine, label, or even your mom, give us a call...but please have some idea of what you want to do before you call, don't just call and say, "How much are shirts?"...it all depends on what color shirts, how many sides you want to do, and how many colors you want to do on each side.

That's about all I can think of right now, but we are constantly making new designs, we'll probably have some new ones by the time you read this, so we'll be updating our catalog frequently.

CD001 This shirt has a rockin' 315 logo on the front, and a couple of S.E. Jedis on the back with a lightsaber and blaster. You know you want one. Natural or maroon shirt with 2-colors.

CD002 This is our evil shirt. Front has "Three Fifteen" across the stomach, and the back has spooky gargoyles with a spiked fence. Very scary. Black shirt with white ink. Reel

CD007 Another Syracuse Hardcore shirt. Different Celtic designs and different Latin. We're not going to tell you what it says, you have to do some research. Back has hooded dude photo. Very neat. White shirt with 2 color inks.

CD008 Strife showed up at our crib the morning of the show. We were all sitting around and since they didn't have any merchandise left, we decided to design, create, shoot the screens and print these shirts mere hours before the show. Punk. We threw 'em together really fast, but they came out cool. The front has a Stormtrooper and the back has the date of the show with a tie fighter. Very limited. White with 1 color.

CD009 Represent Cabal in your next game of half court. They come on assorted color jerseys with matching inks (for example, green jersey with white & blue sleeve and neck ribbing, with white & blue ink). Both sides printed.

CD010 Earth Crisis. These were also made special for a show, and are extremely limited. Front has crossed wrenches, and back has action photo. Navy shirt with 2 color ink.
